6. Institutional set-up for liquidity risk management:

The Liquidity Risk Management of the Company is governed by the Liquidity Risk Management Framework and Asset Liability Management Committee (ALCO). The ALCO has the overall responsibility for management of liquidity risk. The ALCO decides the strategy, policies and procedures to manage liquidity risk in accordance with the liquidity risk tolerance/limits approved by it. The Asset Liability Management Committee (ALCO), which is a committee of the Board, is responsible for ensuring adherence to the liquidity risk tolerance/limits as well as implementing the

liquidity risk management strategy. The role of the ALCO with respect to liquidity risk includes, inter alia, decision on desired maturity profile and mix of incremental assets and liabilities, responsibilities and controls for managing liquidity risk, and overseeing the liquidity positions at an entity level.
